This is a better than new Princess P62 model 2009, built to the highest tropical specification possible with all the options any experienced boaters would ever dream of, including the Seakeeper gyroscopic stabilizer fitted in a separate spacious lazarette which also accommodates the watermaker comfortably. The attention to detail that this particular yacht has been carefully specified and indeed has been immaculately kept goes beyond the surface, and must be viewed to truly appreciated. The Princess P62 itself is an amazingly spacious 4-

cabin contemporary yacht that is not only stylish, but practical throughout, and true to the famous Princess sea-keeping ability and performance. Jasgalore VIII indeed is the idea boat for the tropical cruising, and the first and only of her kind in Asia at present!

- Spacious 4- cabin layout with twin aft crew quarter
- Huge saloon ideal for socializing or relaxing
- Renown Princess sea- keeping ability and performance

Full standard specification with additional features:

- Seakeeper M7000 Gyro Stabiliser
- Contemporary light oak wood interior (Satin finish)
- Four underwater LED lights
- Steamed-Ash flooring in Galley, Dinette and helm area
- Tecnicomar C600 Watermaker
- Additional chain (60m) with chain counter and anchor bridle
- Stainless steel anchor
- AVON Rover 315 tender with Honda 20 hp outboard
